# Os[TEN]tations Student Life

What's the best part of school life? Some would vouch for the great education, the great learning experience, the knowledge sharing, and other such scholarly pursuits. But many would admit that the best part of school life is all the fun one has.

~Simran Khurana~

# at{TEN}tive Organizations

As the school year begins here at Blanco L.J.D., there are many extracurricular activities offered for students to participate in. Ranging from FFA, Student Council, FCLLA, and MTU, only to name a few. With school work to keep up with and the priorities of the organizations to uphold, students must have top notch skills in order to succeed in what they choose to participate in. Sponsors and members that work together and put effort in every activity offered to help out the community is what makes the organization flourish into a great one. In order for the organization to further their knowledge and experience, sponsors as well as the members must have the right combination of skills to receive the utmost feeling of achievement. All members in order to remain a member of the selected organization must follow all guidelines. **There are no TEN ways around it!**

# cons(TEN)t Academics

Excellence can only be explained by the students here at D.I./D. UIL events and one act play is only a few ways to show the hard work and willingness of each student here at school. With the help of the teachers that manage each event, the hard work and practice put forth by students, they compete with many other schools in many different events. As the school year progresses and the students advance in their event, they must bump up their competition skills, follow the rules and regulations of each event, **there are no TEN ways around it.** They must mentally prepare themselves to bring their best knowledge into the competition room. These next few pages will show a small portion of what the students do to achieve here at D.I./D.

We Achieve

# [TEN]acious Sports

Holding together; tough. In other words, a team. Working with each other, communication, partnership, and hard work. Every team has to work together as one, as a family, if they want to succeed. They must put forth all the effort and determination they have, if winning is the main goal. No shortcuts and no TEN ways around it.

"Everyone has the desire to win, but only champions have the desire to prepare."

-Author Unknown

DeFugo's own number!

DeFugo's own number!

**2009 Season Recap**  
This season the Panthers started out with a rough loss to Kanyon Lake in the first game. They bounced back and won a 3-2-0 win. In the regional final game they faced DeFugo again. The Panthers had four touchdowns and a blocked punt in the first half. DeFugo evaded the Panthers' attack 2-2-1-4. The Panthers had a new win and accomplished this most through Lerion Dvorczyk and Adrian Young were named to the all-star team.

David Dvorczyk gets a run against Comfort.

McClinton number 17 with a good block during the extra point.

Adrian Young brings down Dan from Comfort.

Jane Layton Dvorczyk leads the defense in the dust.

OB Rogers was the first to get the first.

Blair's fan filled up all the stands every Friday Night.

Dillon Luhn keeps the DeFugo Academy from getting to the ball.

Kyle Madena gets ready for a big play.

The DeFugo team... Mike Dvorczyk leads the defense on the DeFugo team for the first time tonight. The final score of the game was 22-0. DeFugo has beat Comfort in a last three times the team ran.

Blanco High School Senior Members  
BAND

Keith Daize- trombone

Lakeisha Lamkin- flute and saxophone

Colorguard Captain, Andre Torre

Drum Major, Keith Daize

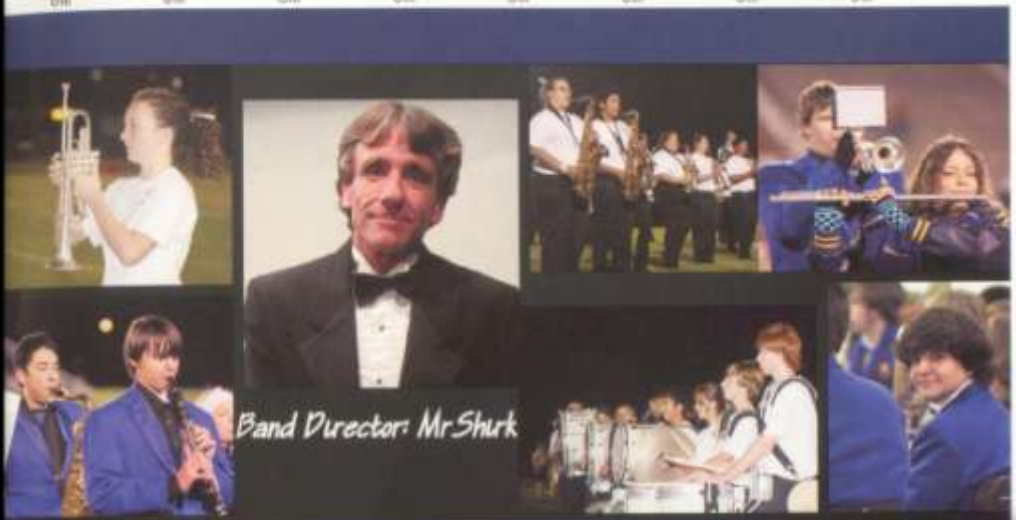

Assistant Drum Major, Jairo Troublefield

Kyle Drnicky- trumpet

Adrian Flores- tenor saxophone

Band Director: Mr. Shirk

The panther band played songs from the Oscar award winning movie Lawrence of Arabia. They played The Overture, On Traite, and The Exit Song. The band was invited to play in the Friday Night Lights series as the Jan Mercor Rattlers. Then the band reached area for UIL. Keith Daize, Echoe Burkhardt and Rebekah Dowlearn qualified to regional for AT//D. Keith Daize made it to auditions for the area AT//B Band. Overall it was a successful fall for the Panther band.

In the spring the band participated in UIL concert and sightreading. They received straight 1's and qualified for swoopstaker. The band also participated in the UIL solo ensemble; everyone came home with a medal. The percussion qualified to state. Travis Dailey and Keith Daize qualified to play solo at state. At the end of the year Keith Daize won the prestigious John Phillip Sousa award.

Every one that is lucky enough to attend one of the schools in the Blanco Independent School District is privileged to experience the bonding and the memories obtained by education, relationships and developing maturity that change drastically from kindergarten to graduation day their senior year. Every person impacts the lives of others that walk the narrow halls producing moments that will, in a few years be told as, "Remember when..." They are always the silly moments or even sometimes the ones you wish would escape memory but bring rosy cheeks followed later by, "How could I forget." People change, but the strength and memories that got you to be who you are will always live strong in your heart. We grow together throughout the years, graduate and go out on our own in two thousand and ten different ways. Life moves on in everyone's own individual life path. There is no ten way around it.

# 2010

Brian Roche was born July 24, 1992 to John and Linda Roche. Both of his parents graduated from St. Mary's University in San Antonio. His sister, Sarah Roche is currently attending St. Mary's University as well and will be graduating in the spring of 2010.

Brian has been a member of the National Honor Society and the Lion Club for the past 3 years. He was a member of the Panther Band that competed at the State Marching Contest until his sophomore year. He joined the Blanco FFA program and has competed in Catecology, Land Judging, and Radio Broadcasting, advancing 2nd and 4th High State Catecology Team. His UIL academic events include Number Sense, Mathematics, and Science; advancing to regional in Number Sense for the past 3 years.

Brian has been active in athletic program as well. During his freshman year, he played for the Blanco JV Baseball Team. For the remaining years, he developed a passion for tennis, work ethic, and self-motivation that would lead him to the State Tennis Tournament, after placing 1st at District and 2nd at Area.

The most interesting thing about Brian pertains to his love for state tennis. Most people that qualify for state have been practicing that sport for all of their life, while Brian began playing tennis his sophomore year. His success in tournaments both in and out of school has stemmed from his hard work and dedication for the sport. After only 3 years, he found himself competing at the state level. A close loss to the first round against the eventual state champion displayed him as one of the top 3 at state, a huge jump from his previous years.

Brian plans to attend Texas A&M University College Station, where he will major in Chemical Engineering. After Graduating from A&M's he plans to start working in the field of his major and become a functioning, contributing member of society. Throughout his life, he will continue playing the sport he loves, tennis, and simply live life to the fullest.

# 2010

Taylor David McCormick, son of Talley D. McCormick and Patricia L. McCormick, was born June 13, 1991. He moved to Blanco the summer before starting kindergarten. He was born in Amarillo, TX. His older brother Thomas Ross McCormick is currently attending Texas State University.

Taylor is a member of several school organizations which include the National Honor Society, National FFA Organization, Student Council, and the Lion Club. Taylor was voted into several offices in these organizations including National Honor Society Treasurer, Student Council Vice-President, Former Class Secretary, and Blanco FFA Chapter Student Advisor.

Taylor participates in a variety of activities, which include a variety of UIL Academic events such as Calculator, Science, and Mathematics. He has advanced to the regional level of competition for Calculator for the past 2 years. Taylor also competes in a wide variety of FFA LEP & CDE Contests. Major participations include Catecology, Range, Public Relations, Skills, and Plant Identification. He has advanced to the state level of competition in Catecology, placing 2nd and 4th high Team at the State FFA Catecology Contest for the past 2 years at Texas Tech University.

Taylor has also enjoyed traveling all around the world. He has been an international traveler for the past 7 years and has been to several different countries including Mexico, England, France, Ireland, Italy, Greece, and Turkey. In addition, he is making another trip to Australia and New Zealand this coming June.

Using the knowledge and experience Taylor has gathered throughout his life, he has decided to pursue a career in pharmaceutical marketing. He plans to be working towards the discovery and manufacturing of medications that are safer, more effective, and improve the overall health of the general public. He has been accepted into the University of Texas at Austin in the School of Natural Science.

2010 NJSJ Members Inducted into the elite society on Thursday, May 27, 2010

(Left) 8th Grade NJSJ Member

(Right) 7th Grade NJSJ Member

To be worthy of admittance into the National Junior Honor Society or the Piddle School Student Council, it takes a great amount of hard work ethic, a strong sense of a unified community, and the ability to put forth effort towards helping others. These independent students make a pledge to themselves and the school to always seek the truth, to uphold high scholarly goals and habits, to stay involved in worthy community service activities and to step as a leader in all situations that is necessary. With these skills, a stronger structure of leadership, community, citizenship will prevail along with opportunities for community scholarships. There are today's members of the Blanco Piddle School and National Junior Honor Society, but they are tomorrow's leaders.

# Cheer

on thure panther fans

There girls love to hold each other through the hard timer, jump over the rocky timer, and cheer each other to every exciting victory. Each and every member of the squad posses memories which will never be forgotten, even over a lifetime. Behind the scenes it's not always noticed. With practice, preparing for pep rallies, and games, all eleven girls have made lifelong friendships, built an extraordinary team and had a harley time doing it. With this team, there can never be a dull moment in the halls of Blanco Middle School, because they pump up the boys to the long awaited victory at each of the thursday evening football extravaganza. Lets say Thank you MV cheer squad for a great 2009-2010 year and to their

Cheer Coach Sponsor: Mrs. Winkler!
